Carol Williams:

This email is to formally respond to the Errors and Omissions letter sent to me last month.

On my January 10 report I showed a "contribution" to the South Side Democratic Club. I made the \$100 payment with the understanding that I was a sponsor for their fundraiser. However, I listed the payment as a "contribution". As the club is Political Action Committee it is not permissible for me to make a "contribution".

I have transferred \$100.00 from my personal account to my campaign account on May 30th and will show this amount as a reimbursement on my next campaign report.

Thank you for your assistance in resolving this error.
